

Report from the August 12 Church Conference

The church voted on the following people to serve as the Search Committee for the Director of Ministries to Families of Preschool and Children:

Jason Lett, Debbie Jones, Megan Brown, Kim Parker, Shaun Reinert, Kim Peterson (alt), Beth Bryson (alt), and Deborah Pelham (alt).

Please commit to pray for this committee as they begin the search process.

The church partnership between Santuck and the Lighthouse Community Church was approved. We are looking forward to this partnership.

The West Campus Committee made the church aware that flooring under the pavilion is made of a canvas ground cover and is not smooth to walk on. The committee recommended that donations be made to have the flooring replaced with concrete. The estimates range from \$15,000 to \$16,000. This money would not come from any other fund of the church, but from private donations as a member chooses to give and designate for this use.
